Fall Detector

Added sense of security around your home for you and your family

Emergency Button

CALL 204-231-4673 TODAY

Inactivity monitoring – lets the monitoring center know if you miss a regular activity, such as getting out of bed, or missing a meal.

Smoke and carbon monoxide detection – alerts the monitoring center if there's something amiss in the air.

Flood detection – notification is sent to the monitoring center when water is detected in your home.

Daily reminders – a friendly voice prompts reminders throughout the day.

Two way, hands free communications – Lets you answer the phone and talk from a distance, without picking up a handset.

Speed dialing - stores up to four numbers for instant, one touch dialing.

SAFETY FOR YOU AND YOUR LOVED ONES
